- F.2.29 52.247-57 Transportation Transit Privilege Credits (Apr 1984)**

(a) If the offeror has established with regulated common carriers transit privileges that can be applied to the supplies when shipped from the original source, the offeror is invited to propose to use these credits for shipping the supplies to the designated Government destinations. The offeror will ship these supplies under commercial bills of lading, paying all remaining transportation charges connected with the shipment, subject to reimbursement by the Government in an amount equal to the remaining charges but not exceeding the amount quoted by the offeror.

(b) After loading on the carrier's equipment and acceptance by the carrier, these shipments under paid commercial bills of lading will move for the account of and

at the risk of the Government (unless, pursuant to the Changes clause, the office administering the contract directs use of Government bills of lading).

(c) The amount quoted below by the offeror represents the transportation costs in cents per 100 pounds (freight rate) for full carload/truckload shipments of the supplies from offeror's original source, via offeror's transit plant or point, to the Government destination(s) including the carrier's transit privilege charge, less the applicable transit credit (i.e., the amount (rate) initially paid to the carrier for shipment from original source to offeror's transit plant or point).

(d) The rate per CWT quoted will be used by the Government to evaluate the offered f.o.b. origin price unless a lower rate is applicable on the date of bid opening (or closing date specified for receipt of offers). To have the offer evaluated on this basis, the offeror must insert below the remaining transportation charges that the offeror agrees to pay, including any transit charges, subject to reimbursement by the Government, as explained in this clause, to destinations listed in the Schedule as follows:

Rate Per CWT in Cents: _____
 To Destination: _____

(End of clause)

F.2.30 52.247-60 Guaranteed Shipping Characteristics (Jan 2017)

(a) The offeror is requested to complete paragraph (a)(1) of this clause, for each part or component which is packed or packaged separately. This information will be used to determine transportation costs for evaluation purposes. If the offeror does not furnish sufficient data in paragraph (a)(1) of this clause, to permit determination by the Government of the item shipping costs, evaluation will be based on the shipping characteristics submitted by the offeror whose offer produces the highest transportation costs or in the absence thereof, by the Contracting Officer's best estimate of the actual transportation costs. If the item shipping costs, based on the actual shipping characteristics, exceed the item shipping costs used for evaluation purposes, the Contractor agrees that the contract price shall be reduced by an amount equal to the difference between the transportation costs actually incurred, and the costs which would have been incurred if the evaluated shipping characteristics had been accurate.

(1) To be completed by the offeror:

- (i) Type of container: Wood Box Fiber Box , Barrel , Reel , Drum , Other (Specify) _____;

- (xi) Number of containers or pallets/skids per trailer _____*
- (A) Size of trailer _____ Ft
- (B) Type of trailer _____

(2) To be completed by the Government after evaluation but before contract award:

- (i) Rate used in evaluation _____;
- (ii) Tender/Tariff _____;
- (iii) Item _____.

(b) The guaranteed shipping characteristics requested in paragraph (a)(1) of this clause do not establish actual transportation requirements, which are specified elsewhere in this solicitation. The guaranteed shipping characteristics will be used only for the purpose of evaluating offers and establishing any liability of the successful offeror for increased transportation costs resulting from actual shipping characteristics which differ from those used for evaluation in accordance with paragraph (a) of this clause.

(End of clause)

F.2.31 52.247-62 Specific Quantities Unknown (Apr 1984)

(a) For the purpose of evaluating "f.o.b. destination" offers, the Government estimates that the quantity specified will be shipped to the destinations indicated:

Estimated Quantity	Destination(s)

(b) If the quantity shipped to each destination varies from the quantity estimated, and if the variation results in a change in the transportation costs, appropriate adjustment shall be made.

(End of clause)

F.3 TERM OF BASIC CONTRACT

The period of performance consists of one (1) five-year base period plus one (1) three-year option period and one (1) two-year option period (Ordering Period of Performance). The Government may unilaterally exercise the option periods.

Base period	10/16/2017 through 10/15/2022
Option period 1	10/16/2022 through 10/15/2025
Option period 2	10/16/2025 through 10/15/2027

The Government may extend the term of this contract by written notice in accordance with FAR 52.217-9, Option to Extend the Term of the Contract.

F.4 TASK ORDER PERIOD OF PERFORMANCE

The term for each Order placed under the Basic Contract shall be specified in the individual Order. Under no circumstances may an Order be placed under the Basic Contract if the Basic Contract has expired, or has been terminated or cancelled by the Government. Based upon the schedule in F.3, the Base Period expires October 15, 2022. If all options are exercised, the Basic Contract will expire on October 15, 2027. (See FAR 52.216-18, 52.216-19 and 52.216-22.) Task Order performance can be performed up October 15, 2032, which is past the Basic Contract expiration date, only when: (1) orders are issued before October 16, 2027; and (2) options are included at initial issuance of the Order. The FAR Clause 52.217-8 Option to Extend Services cannot be used to extend work past October 15, 2032.

After the CS3 basic contract term expires, CS3 will remain an active contract until the final task order is closed-out and shall govern the terms and conditions with respect to active task orders to the same extent as if it were completed during the CS3 basic contract term.

Accordingly, the cumulative term of CS3 basic contract may span up to 10 years. No individual task orders may exceed ten (10) years, inclusive of options, from the date that the task order is placed; the cumulative term of all task orders placed under CS3 may span up to 15 years.

Notwithstanding anything to the contrary above, an ordering agency may place a multi-year task order under the CS3 Basic Contract; a task order using multi-year contracting methods must be consistent with FAR Subpart 17.1 and any applicable funding restrictions.

F.5 PLACE OF PERFORMANCE

The place of performance and/or delivery requirements will be specified in each individual order.

F.6 DELIVERIES

This section identifies the items that the Contractor shall deliver to the Government and/or the Government's agent(s) under the Basic Contract. Individual orders will have additional deliverables specified in each order. In this section, the items the Contractor delivers are called "deliverables."

The Contractor shall provide the deliverables in the media specified by the Government.

SECTION G

CONTRACT ADMINISTRATION

G.1 AUTHORIZED USERS

Only authorized users may place orders under the Basic Contract. In order to qualify as an authorized user, a duly warranted Contracting Officer (as that term is defined in FAR Subpart 2.1) in good standing must have an appropriate signed delegation of procurement authority (DPA) from GSA. For purposes of this Basic Contract, these authorized users are identified as Ordering Contracting Officers (OCOs).

This Basic Contract is for use by all Federal agencies, and others as listed in General Services Administration (GSA) Order ADM 4800.2H, ELIGIBILITY TO USE GSA SOURCES OF SUPPLY AND SERVICES, June 2013, as modified from time to time.

G.2 ROLES AND RESPONSIBILITIES

This section describes the roles and responsibilities of Government personnel after Basic Contract award. The Government may modify the roles and responsibilities at any time during the period of performance of the Basic Contract.

G.2.1 GSA Program Manager (PM)

The Government has appointed a Program Manager (PM), who shall perform various programmatic functions for the overall success of the Future COMSATCOM Services Acquisition (FCSA) program, including Complex Commercial SATCOM Solutions (CS3). The PM has no actual, apparent or implied authority to bind the Government for any acts or omissions.

G.2.2 Procuring Contracting Officer (PCO)

The GSA PCO is the sole and exclusive Government Official with actual authority to award the Basic Contract. After award of the Basic Contract, the GSA PCO may delegate any or all of the contract administration functions described in FAR 42.302 and may appoint an Administrative Contracting Officer (ACO) to perform administration functions described in FAR 42.302.

G.2.3 Ordering Contracting Officer (OCO)

As described in Section G.1, only an authorized user, who is a delegated OCO, may place and administer an Order under the Basic Contract. A Statement of Work (SOW) or Performance Work Statement (PWS) must be submitted to the GSA PCO and GSA PM for a scope review according to Section G.3.2.

The OCO for each Order is the sole and exclusive Government Official with actual authority to take actions which may bind the Government for that Order. Contractors shall ensure that an OCO has the required DPA. Contractors that accept orders from a Government representative who does not have the authorized DPA do so at their own risk. To ensure the required delegation, Contractors may request a copy of the OCO delegation prior to award of an Order if the Contractor does not have a copy of the OCO delegation.

G.2.4 Contracting Officer's Representative (COR)

The PCO will designate a COR at the basic contract level to monitor the basic contract-level deliverables. At the Task Order level, the OCO may designate a COR to provide assistance to the OCO.

The specific rights and responsibilities of the CORs shall be described in writing, which upon request shall be provided to the Contractor. A COR has no actual, apparent or implied authority to bind the Government.

G.2.5 Ombudsman

Pursuant to FAR 16.505 (a)(10)(i) no protest is authorized in connection with the issuance or proposed issuance of an order under a task-order contract or delivery-order contract, except for (A) a protest on the grounds that the order increases the scope, period of performance, or maximum value of the contract; or (B) a protest of an order valued in excess of \$10 million.

GSA has appointed an Ombudsman to review complaints from Contractors and ensure they are afforded a fair opportunity to be considered. The Ombudsman is a senior GSA official who is independent of the GSA PCO or OCO.

G.3 ORDERING PROCEDURES

G.3.1 Ordering procedures must comply with the following:

G.3.1.1 FAR 16.505;

G.3.1.2 Orders are not exempt from the development of acquisition plans (see FAR Subpart 7.1), and an information technology acquisition strategy (see FAR Part 39);

G.3.1.3 The OCO shall include the evaluation procedures in Task Order Requests (TORs) and establish the time frame for responding to TORs, giving Offerors a reasonable proposal preparation time while taking into account the unique requirements and circumstances of the effort;

- G.3.1.4** Orders shall be within the scope, issued within the period of performance, and be within the maximum value of the Basic Contract;
- G.3.1.5** All costs associated with the preparation, presentation, and discussion of the Offeror's proposal in response to a TOR will be at the Offeror's sole and exclusive expense; and
- G.3.1.6** All orders placed under the Basic Contract are subject to the terms and conditions of the Basic Contract at time of order award. In the event of any conflict between the Order and the Basic Contract, the Basic Contract will take precedence.
- G.3.1.7** Orders placed by OCOs may include required Agency provisions/clauses.
- G.3.1.8** Orders may be issued by any electronic commerce methods deemed acceptable by the Ordering Activity.

G.3.2 Statement of Work/Performance Work Statement

Per FAR 37.102(e), to the maximum extent practicable, the Ordering Activity shall describe the need to be filled using performance-based acquisition methods. A written SOW or PWS will always be used. The OCO will provide the SOW/PWS to the GSA PCO and GSA PM. The GSA PCO will provide a scope determination to the OCO.

Any changes to the SOW/PWS or expansion of the original requirement will require an additional scope review by the GSA PCO.

Scope reviews can be conducted by GSA and completed in parallel with the OCO's Task Order acquisition activities. In Task Orders requiring immediate delivery of service for an urgent requirement, the GSA scope review may be completed after the Task Order is awarded.

G.3.3 Fair Opportunity

OCO's must follow the Fair Opportunity procedures specified in FAR 16.505(b)(1) and the exceptions to Fair Opportunity in FAR 16.505(b)(2). Use of the GSA eBuy system by the OCO will ensure that all Basic contract holders are notified of each Task Order request. Information and instruction on the use of the eBuy system is furnished at www.gsa.gov/ebuy

G.3.4 Order Evaluation

FAR Subpart 15.3 does not apply to the ordering process. Formal evaluation plans or scoring of quotes or offers are not required; however, the OCO must consider price

under each Order as one of the factors in the selection decision pursuant to FAR 16.505(b)(1)(ii)(E).

G.3.5 Subcontractors

The Government has not pre-approved any Subcontractors in making awards for the Basic Contract. If a Contractor proposes a Subcontractor for work performed under an Order, the Contractor must comply with FAR 52.244-6 and/or FAR 52.244-2, and FAR Part 44. The Government reserves the right to determine the responsibility of prospective major Subcontractors.

G.4 BILLING AND INVOICING

The Contractor shall submit invoices directly to the address designated by the OCO on the Task Order.

G.4.1 System for Award Management (SAM)

Contractors shall register in the System for Award Management (SAM), which is a central database of data in support of Agency missions, prior to being awarded a contract (FAR 52.204-7). Registration requires that the Contractor be issued a Data Universal Numbering System (DUNS) number. Contractors may obtain information on registration at <https://www.acquisition.gov>. Contractors may obtain a DUNS number via the Internet at <http://fedgov.dnb.com/webform>.

G.4.2 GSA Management Fee

The GSA Management Fee for the CS3 contracts is two percent (2%). This fee shall be included in all prices. The Contractor shall not invoice for the GSA Management Fee as a separate line item.

The Contractor shall make Electronic Funds Transfer (EFT) arrangements for payment of the GSA Management Fee. The Contractor shall forward fees collected to the GSA Finance Office by EFT within 30 calendar days of the close of each calendar month for which the fees apply. Failure to pay the fee within 60 calendar days may result in termination of this contract.

G.5 REPORTING REQUIREMENTS

The Monthly Business Volume (Sales) Report and Monthly Revenue Report identified in this section shall be remitted to GSA via the GSA SATCOM Report Portal. Information on how to access the portal will be provided to the Contractors by GSA after contract award.

G.5.1 Monthly Business Volume (Sales) Report

The Contractor shall provide Monthly Business Volume (Sales) Reports using the format specified in Section J, Attachment J-5, in Microsoft Excel 2007 format. The Report shall be remitted to GSA via the GSA SATCOM Report Portal.

Business Volume is calculated as the total amount of a Task Order received by the Contractor that period. The reporting period shall be for the beginning through the end of the previous month and reports are due by the 15th calendar day of each month. If there are no orders received during the reporting period, the report is still required and shall state “no ordering activity” for that period.

The Monthly Business Volume (Sales) Report consists of two worksheets:

- Sales Data Worksheet
- Line Item Data Worksheet

G.5.1.1 Sales Data Worksheet – The Sales Data Worksheet shall contain the following information:

G.5.1.1.1 Title – “CS3 Monthly Business Volume (Sales) Report”
